

ANIMAL VICTORY DISASTER AND ABUSE FUND

ANNUAL REPORT 2024

*Animal Victory Disaster And Abuse Fund*

THIRD ANNUAL REPORT  
January 01, 2024-December 31, 2024

## Our Vision

To create a world where animals are treated with respect.

## Our Mission

Animal Victory's program is dedicated to providing relief for animals impacted by natural disasters or other crises, in addition to combatting overpopulation, and pushing for animal rights, through the implementation of various projects.

## Solving The Problem:

Overpopulation of animals is the number one reason animals are abused. There are too many animals and not enough homes thus leaving unwanted animals to starve, freeze, or subjected to abuse by humans. It also critically affects community resources, the environment, and socio-economic conditions. Our low-cost spay and neuter project for animals living on the streets is fundamental in addressing the core issue of animal abuse.

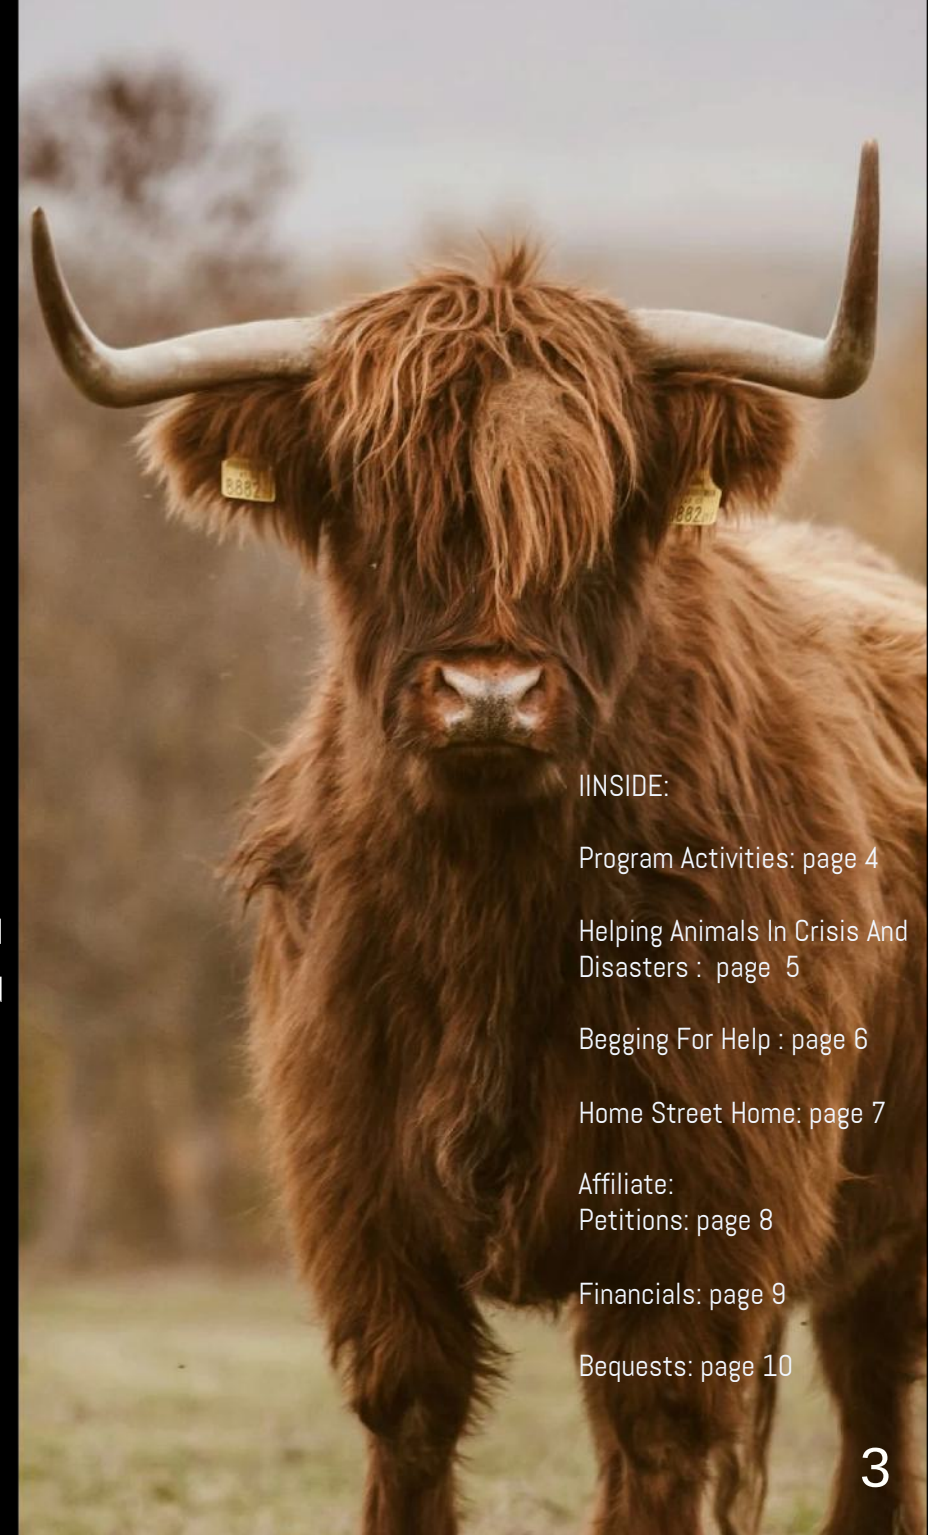

**We aim to reduce population growth rates.**

In addition, we advocate for animal rights and welfare. We support shelters and rescue organizations that work to provide care and shelter for abandoned and abused animals. We also support campaigns and legislation that aim to protect animals from cruelty and exploitation. Overwhelming research indicates there is a direct correlation between animal abuse and domestic abuse.

**We aim to reduce animal and therefore domestic abuse.**

Our efforts in combatting overpopulation and working towards animal rights are essential for creating a sustainable and humane world for future generations. By investing in these projects:

**We aim to create a better world for all living beings physically and emotionally thus creating positive, sensible, change in society.**

## Begging For Help Project

“

Our distinctive funding initiative provides vital financial assistance for low-cost spay and neuter services for dedicated, sustainable, smaller groups and individuals within the United States who tap into their resources to control the population of cats and dogs in their local communities by spaying or neutering.

The ultimate objective is to maintain a balanced population of these animals. Our initiative contributes to the health and safety of communities and reduces animal cruelty by decreasing the number of stray animals on the streets.

### **2024 Results:**

In 2024, since the inception of this project we worked with 18 organizations/ individuals providing low cost spay and neuter services for approximately 400 dogs and cats.

## Home Street Home Project

“

Home Street Home serves dogs and cats belonging to individuals experiencing homelessness. This program is an organized annual effort, particularly active during the November and December holidays, aimed at providing food, supplies, and veterinary care for these pets.

### 2024 Results:

Distributed 640 Holiday Love Bags in CA & WA with our affiliates -  
Taking it to the Streets and Adams County Pet Rescue.

Since the inception of this project in 2020, we distributed the equivalent of  
2463 Love Bags

AVDAF collaborates with its affiliate, Animal Victory, a for-profit organization, to shoulder operating costs. This compassionate advocacy group battles against animal abuse using petitions to persuade officials to investigate animal abusers and/or to sentence the maximum punishment for convicted animal abusers.

By jointly managing overhead, marketing, and administrative expenses, both organizations conserve resources. They leverage petitions and other campaigns to promote animal welfare issues, reaching a larger audience and gaining wider exposure to animal aid.

For those seeking a tax deduction while supporting our petition efforts, donations can be made through the AVDAF, creating a win-win situation.

In 2024, 68% of our program expenses were for the following projects. 36% of our program expenses went towards Helping Animals In Crises And Disasters, 17% to our Begging For Help project, and 15% to our Home Street Home project. These allocations are based on the amount of donations received for each project. Operational and fundraising costs make up 32% of our budget.

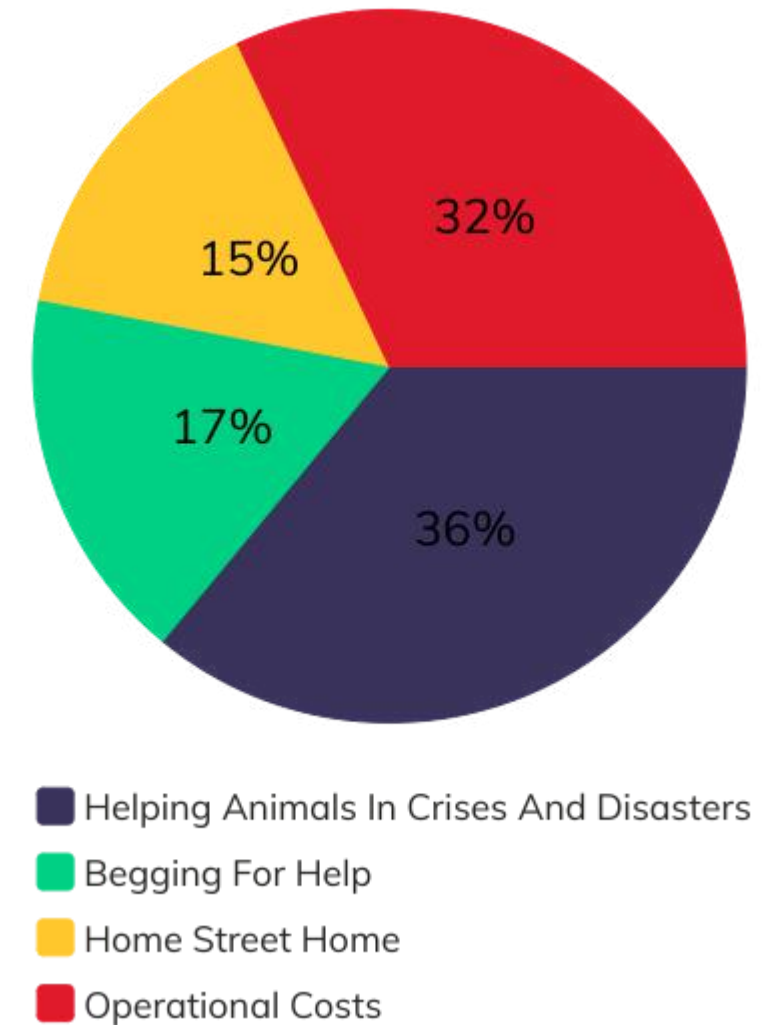

Based on the breakdown of program expenses in 2024, it is clear that the majority of our funds are being directed towards Helping Animals In Crises And Disasters. This is directly proportional to the amount of donations received for the project and reflective of our commitment to providing support and resources to animals in need during times of crisis and disasters.

The Begging For Help project also received a significant portion of our program expenses, directly proportional to the amount of donations received for the project, indicating that it is a priority for animal lovers and our organization to address issues related to overpopulation.

Lastly, the Home Street Home project received 15% of our program expenses, highlighting our dedication to helping pets of individuals experiencing homelessness find stable and secure housing solutions.

It is important to note that operational costs make up 32% of our budget, which include marketing and fundraising. This indicates that a portion of our funds is allocated towards ensuring the smooth operation and administration of our programs and initiatives.

Overall, the breakdown of program expenses in 2024 reflects our organization's commitment to supporting animals in crises, and addressing overpopulation ensuring the effective operation of our programs.
